

## **2012 Golf Schedule (Dates subject to change)**

Here is a preview look at our schedule for next year - there are some significant upgrades. Although this schedule is tentative, as we are making sure we don't conflict with other events, you should still make note of the dates (the official event dates will be posted late winter). Please note the new dates for our Member-Member and Member-Guest events--the hope is that these date changes will give new life to the event schedule and allow us to maximize participation. We hope you can all play next year.
